

Rub-Onz Tile Coasters

Designed by: Kendra Wood

Decorate tile with your favorite images to match your home's décor. Makes a great gift for any occasion!

Supplies:

Grafix Rub-Onz Transfer Film
4 – 4x4" ceramic tile
Computer & Inkjet/Laser printer
Scissors
Tacky glue
Thin sheet of cork
Oil based polyurethane

Directions:

1. Print your favorite clip art or photo onto the Rub-Onz Transfer Film according to the instructions on the package.
2. Cut out the image so that it is slightly smaller than the size of the tile.
3. Apply image to tile according to directions on Rub-Onz package.
4. Coat the tile surface with several layers of an oil based polyurethane to add a glossy finish. Allow for ample drying time between layers.
5. Cut 4 - 1/2 inch square pieces of cork and glue to the corners of the underside of the tile to prevent scratching your table surfaces.
