SHRINK PLASTIC JEWELRY

by Julie Fei-Fan Balzer

SUPPLIES

- * Coloring Book
 - * Sakura Glaze Pens
 - * Sakura Souffle Pens
 - * Clear Shrink Film by Grafix
 - * Heat Resistant Surface
 - * Heat Gun
 - * Scissors
 - * Hole Punch/Self Healing Mat
 - * Earring Hooks
 - * Optional: Bamboo Skewer, rubbing alcohol & paper towel
- * Place the Clear Shrink Film from Grafix over an image from a coloring book.
 - * Trace the coloring book image. Allow the ink to dry.
 - * Color the image in using both the transparent Sakura Glaze Pen and the opaque Sakura Souffle Pens. Note: If you find the ink is beading up, use some rubbing alcohol to clean that area.
 - * Once you're satisfied with the image, cut it out.
 - * Punch a hole for the earring hook.
 - * Place the Shrink Film on top of the heat resistant surface. Use a heat gun to shrink it. You may want to use a bamboo skewer or other tool to hold the shrink plastic in place.
 - * Once it's shrunk and cooled, place an earring hook through the hole.
