Terms & Conditions

Ordering & Pricing

Prices are discounted off Suggested Retail and subject to change without notice.

Net Prices

Under \$10,000 in annual purchases

Volume Prices

\$10,000 or more in annual purchases

Net and Volume prices are for qualified Retailers only. No guarantees are stated or implied. Determination of the suitability of any product for the intended use is solely the responsibility of the user. In no event will Grafix liability exceed the value of the material as invoiced.

For detailed pricing and a complete list of Grafix terms, contact Grafix or visit www.grafixarts.com.

Minimums

\$100.00 Net Minimum Order

Orders under the \$100.00 net minimum are subject to a \$15.00 under minimum fee.

Payment Terms

Visa, Master Card, American Express and C.O.D. are accepted for payment unless terms are set in advance. Account terms from date of invoice: 1% 10, net 30 days. There will be a \$25 charge for NSF checks.

Shipping Terms

Full freight allowed at \$1500.

All orders are shipped FOB, Cleveland, Ohio.

Shipping charges are calculated individually, by order and added to your invoice based upon the weight and destination. Orders are shipped via motor freight or FedEx unless otherwise indicated when orders are placed. Grafix reserves the right to specify common carriers.

All international orders are subject to brokerage and international shipping fees, these fees will be billed by the carrier direct to the customer. Grafix will not be held responsible for these fees.

Please designate a customs clearing house or brokerage when placing your order.

Returns

All returns are subject to a minimum 15% restocking charge. Returns are not accepted without return authorization from Grafix Customer Service.

Any claims made for damages, shortages or defective merchandise must be reported to and authorized by Grafix Customer Service within 15 days from receipt of order. Grafix has the right to deny any claims.

No returns are accepted on materials cut to special sizes.

Deductions are not accepted without pre-authorization. For all authorized returns, a merchandise credit will be issued on account. Credits may be applied toward the purchase of merchandise only and have no cash value.

Credits will expire 90 days after the date issued.

Grafix 5800 Pennsylvania Ave. Maple Heights, OH 44137 (f) 216.581.9041

Dura-Lar® Film

The acetate alternative. A highly versatile polyester film that combines the best features of Mylar® and Acetate.

Dura-Lar is unsurpassed by other films for its clarity, strength, stability and flatness.

It is archival, heat resistant and will not tear, absorb moisture or discolor with age.

Merchandise Dura-Lar where other fine art and framing, watercolor accessories, graphic products and architectural supplies are sold.

Matte Dura-Lar®

Wet Media Dura-Lar®

Adhesive Backed Dura-Lar®

Clear Dura-Lar®

An ultra clear, glossy film for protective coverings, layouts, color separations and overhead transparencies.

Use as an alternative artwork surface for permanent inks and markers.

• Available in .001", .002", .003", .004", .005", .007", .010", .015" and .020" sheets, rolls and pads.

Matte Dura-Lar®

A high contact clarity, translucent film with matte erasable coatings on both sides.

For drawing, drafting, stencil making and mixed media artwork.

This unique surface accepts pen, lead, ink, paint and colored pencil and erases cleanly.

An economical alternative to Drafting Film.

• Available in .005" sheets, rolls and pads.

Wet Media Dura-Lar®

A clear film specially coated on both sides to accept water-based mediums, markers and inks.

Water-based mediums will not bead, chip or run.

Use as an artwork surface, for printmaking or to plan painting compositions.

Test colors and designs over artwork without them becoming permanent.

Wipe with a damp cloth for repeated use.

• Available in .004" sheets, rolls and pads.

Metallized Dura-Lar®

An aluminum coated film that produces a reflective metal shine.

Suited for a variety of applications including model making, signs, banners, stage crafts and collages.

• Available in .002" gold and silver sheets and rolls or .005" silver sheets and rolls.

Also offered in .002" gold and silver adhesive backed sheets.

Adhesive Backed Dura-Lar®

A medium weight, clear film with a permanent adhesive backing.

Ideal for use in laminating or as a protective covering.

• Available in .002" and .005" clear sheets and rolls.

Clear-Lay® Film

The economical alternative. A rigid vinyl (PVC) film that combines many of the desirable handling features of Acetate with the stability of Grafix Dura-Lar®.

Clear-Lay is an economical solution to many plastic film applications.

This film is easy to cut, but won't crack, curl or yellow over time.

Merchandise Clear-Lay where other fine art and framing and graphic products are sold.

Clear-Lay®

This archival "student grade" film features good clarity, moisture resistance and acid free properties.

A high gloss, clear film for overlays, stencils, protective coverings and die cutting.

- Available in .003", .005", .007" and .010" sheets, rolls and pads.

Colored Clear-Lay®

A transparent colored film for window effects, school projects and arts & crafts.

A great teaching tool to help eliminate glare while reading or to show color values in the classroom.

- Available in .005" red, blue, green, amber and yellow sheets and rolls.

Acetate Film

The most recognizable name for film. A cellulose di-acetate film used in many commercial art applications.

Manufactured from wood pulp, Grafix Acetate is certified 100% biodegradable.

It can be recycled, composted or incinerated.

This film is exceptionally clear, dimensionally stable, easy to cut and tear and will lay flat.

Merchandise Acetate where other fine art and framing, environmentally friendly and graphic products are sold.

Clear Acetate

An industry standard in graphic arts, layouts, window projects, overlays and many other applications.

FDA approved safe for food contact making it ideal as a stencil for designs on cakes and other baking applications.

- Available in .003", .005", .0075" and .010" sheets, rolls and pads.

Matte Acetate

A non-glare, matte surface on one side that accepts lead, ink, paint and colored pencil.

An excellent general purpose film for short term projects, die cuts and stencils for illustrations.

- Available in .003" and .005" sheets, rolls and pads.

Drafting Film

A professional grade film. A polyester film with a matte translucent drawing surface on one side or two.

Drafting Film is archival, dimensionally stable and will not tear or yellow with age.

Erases cleanly without smearing or leaving shadows.

Merchandise Drafting Film where other fine art, engineering, drafting, architectural, colored pencil and drawing products are sold.

Drafting Film

A durable film for write on overlays, stencil making or as an artwork surface.

This smooth surface accepts lead, charcoal, graphite, pen, ink, colored pencil and calligraphy art with ease.

Compatible with pen plotters and most laser printers/copiers.

- Available with a 1 or 2 side matte finish in .003", .004", .005" and .007" sheets and rolls.

Inkjet Drafting Film

A translucent surface suitable for use in inkjet printers and plotters.

Produce fast drying archival prints.

Ideal for drawing, painting and mixed media applications.

- Available with a 2 side matte finish in .004" sheets.

Frisket Film

A self-adhering masking film. The adhesive sticks when needed and removes without leaving a residue.

Frisket Film is easy to cut and apply, repositionable, transparent and moisture proof.

Ideal for masking, airbrushing, retouching, stencils, rubber stamping and watercolors.

Merchandise Frisket Film where other fine art, airbrushing and rubber stamping products are sold.

All Purpose Frisket Film

A soft peel, low tack film with an ultra removable adhesive on a polypropylene base.

Excellent for use on hot press (smooth) surfaces including illustration board, photographs, watercolor and drawing paper and with most airbrush techniques.

An economical solution to higher priced frisket products.

- Available in .002" clear and matte sheets and rolls.

Also offered in .002" clear and matte 9x12" packs of 6, 12 or 100 sheets.

Extra Tack Frisket Film

A matte polyester film with a strong, yet removable adhesive.

Developed to prevent paint seepage and edge build up.

Recommend for use on cold press (rough) board, glass, metal, plastic, ceramic or applications requiring more exact color control.

- Available in .001" matte sheets and rolls.

Also offered in .001" matte 9x12" packs of 6, 12 or 100 sheets.

Grafix Seal® Film

A user friendly cold laminating film. A repositionable adhesive that becomes permanent after application.

Grafix Seal is easy to cut, reposition and apply.

This film includes a gridded backing for easy placement.

Merchandise Grafix Seal where other adhesives, graphic products and office supplies are sold.

Grafix Seal®

A polypropylene laminating film that requires no heat to activate.

Create a waterproof covering for books, maps, recipes, certificates and other important documents.

A must have for home, school or office.

- Available in .002" clear and matte sheets and rolls.
- Also offered in .002" clear and matte 9x12" packs of 6, 12 or 100 sheets.

Does your customer need a special size or large quantity of Grafix films?
Call for a custom quote.

Double Tack® Mounting Film

A double sided adhesive film. Twin coatings of permanent adhesive on an ultra thin carrier protected by two heavy release liners.

Double Tack is easy to cut, tear resistant and requires no heat to activate.

Bonds instantly to many surfaces – paper, fabric, wood, metal, glass and plastic.

Merchandise Double Tack where other glue/adhesive, mixed media, framing and mounting products are sold.

To use, simply lift up one of the release liners, apply the sticky side to the subject, then remove the other release liner before applying to the surface.

Archival Double Tack®

An acid free formulation with a clear polyester carrier surrounded by an acrylic-based adhesive.

Appears transparent on your surface.

Mount artwork, photos, embellishments, school projects and more.

- Available in 18x24" and 24x36" sheets.
- Also offered in 9x12" packs of 6, 12 or 100 sheets.

Original Double Tack®

An ultra thin white paper carrier with a rubber-based adhesive on each side.

Appears white on your surface.

Great for paper crafts, collages, home décor and quick fix items.

- Available in 18x24" and 24x36" sheets.
- Also offered in 9x12" packs of 6, 12 or 100 sheets.

Incredible Art Products

The perfect tools for water-based mediums.

Create exciting effects to make your artwork stand out.

High quality products designed with the watercolor artist in mind.

Combine with a variety of tools and techniques to enhance your paintings.

Merchandise Incredible Art Products where other watercolor, airbrush, rubber stamping, wood working and glass etching products are sold.

Incredible White Mask Liquid Frisket

Incredible White Mask™ Liquid Frisket

A new approach to liquid frisket

Non-pigmented latex that glides on smoothly to create durable, yet easily removable masks.

It is non-staining, quick drying and can be sprayed without being diluted.

For use with artist papers, board, wood, leather, glass, metal, ceramics, and rubber stamp applications.

A superior frisket at a lower price per ounce than other brands.

- Available in 2 oz, 4.5 oz and 8 oz bottles.

The Incredible Nib™

Go beyond the brush

A long wearing artist tool for lifting, blending and correcting.

Unique acrylic fiber tips stay firm when wet for greater precision and control when applying liquid frisket.

It can be sharpened or reshaped with sandpaper.

Great for applying liquid frisket, watercolor, acrylic, tempera, gouache, silk and fabric paints.

Easy to clean with soap & water and dishwasher safe.

- Available in Original and Decorative styles.

Incredible Art Products

Incredible Frisket Kit

Everything you need to get started

Each kit includes a bottle of Incredible White Mask Liquid Frisket, an Incredible Nib, a liquid frisket remover and the "Tips and Techniques" instruction booklet.

- Available in 3 sizes: 2 oz with the Incredible Dipstik Nib, 4.5 oz with the Original Incredible Nib and the 8.5 oz with the Original Incredible Nib.

Liquid Frisket Remover

Use just like an eraser

Firm, natural rubber cleanly removes dried liquid frisket and rubber cement.

Will not damage or smear watercolor paper or illustration board.

- Measures 2x2" and 1/4" thick.

"Using Liquid Frisket"

The ultimate how-to book

Jerry Griffith, developer of the Incredible Nib and Incredible White Mask, shows how to create remarkable effects using liquid frisket.

Packed with tips, techniques and practice exercises that you can do right on the page.

- Contains 48 pages of practical advice.

Incredible Art Board®

A light weight and water resistant work surface

Made with a 1/2" foam core sandwiched between two smooth sheets of hard resin.

An ideal surface for stretching watercolor paper.

This durable board won't bend, buck or bow.

Accepts repeated stapling and taping.

Perfect for artists on the go.

- Available in 16x24" and 24x32".

Convenience Packs

Eight of our most popular plastic films.
Conveniently packed in project sized, multi-sheet packs.

*Merchandise Convenience Packs
where other model making, hobby
and art & craft supplies are sold.*

Clear Film

Crystal clear overlay

An excellent general purpose, acid free film.
Acts as a protective overlay for artwork and documents.
Create window effects, shaker cards and decorative tags.
• Available in .005" medium weight 9x12" packs of 4 sheets.

Double Tack® Mounting Film

Just cut, peel and stick

An acid free, double sided adhesive for a permanent bond.
Apply to paper, plastic, glass, wood, metal and fabric surfaces.
Great for mounting artwork, paper crafts, school projects and mixed media applications.
• Available in 9x12" packs of 3 sheets.

Convenience Packs
