

Friends Photo Frame

Designed by: Grafix Designer

Supplies:

Grafix Rub-Onz Film
Grafix Craft Plastic
Sizzix Large Daisies Die and Die Cutting System
Sakura Souffle Pens
Hot off the Press Fresh Citrus Paper
AC Supply White Picture Frame

Directions:

1. Remove the matte from the photo frame.
2. To cover the matte with patterned paper, lay striped paper face down and place the matte in the center.
3. Trim around the matte leaving a 1" border.
4. Cut an "x" in the hole in the center of the matte from corner to corner.
5. Carefully fold the paper back and secure with tape.
6. Continue to wrap the matte in patterned paper and secure each side with tape.
7. Die Cut several daisies out of the Craft Plastic Sheets.
8. Peel off the protective liner and decorate the daisies with Souffle Pens.
9. Let dry.
10. Layer the daisies on the glass inside of the frame.
11. Place matte over the daisies and then insert a photo.
12. Replace the back of the frame.
13. Create a sentiment for the frame on your computer.
14. Print on to the Rub Onz film and apply to the edges of the frame according to the instructions on the package.
