

Inkjet Shrink Film Memo Board

Designed by: Grafix Designer

Supplies:

Grafix White and Clear Inkjet Shrink Film
Piece of magnetic metal
Glue
Magnets

Directions:

1. Print various images (personal photos or clip art) on Inkjet Shrink Film.
2. Cut out the images with regular or decorative scissors and bake according to the instructions on the package.
3. Glue the shrunk pieces around the outside of your metal sheet.
4. Create magnets by gluing magnets to the back side of the shrunk pieces.
