

Metallic Foil Board Crown

Designed by: Graftix Designers

Supplies:

Metallic Foil Board 10x12 Assortment Pack
Glue Stick Scissors

Directions:

1. Choose a color of Metallic Foil Board for the base of your crown.
2. On the reverse side, draw a design for the crown and cut along the lines.
3. Using the remaining colors of Metallic Foil Board cut shapes free hand, or use any decorative punches you have to punch out shapes.
4. Apply the shapes to your crown using your glue stick.
5. Size the crown to your head and secure with one or two staple to hold it tightly.
