

Grafix Colored Shrink Film Mosaic Pendant

Designed by: Grafix Designer

Supplies:

Grafix Colored Shrink Film
Pattern Paper
Clear Medium Coating like Resin
Pendent Frame
Chain or Ribbon
Toaster Oven or Heating Tool
Scissors

Directions:

1. Start by cutting medium size pieces of flower petals and stems from the colored Shrink Film.
2. Then use your toaster oven or heating tool to shrink the film.
3. Cut your patterned paper to the size of the pendant frame to use as a background.
4. Arrange the shrunken flower pieces inside the pendant frame.
5. Finally fill the pendant with your choice of clear medium coating like resin to set the flower pieces. You can either fill the pendant half-way for a dimensional look or submerge it for a smooth surface.
