

# Reverse Painting Technique on Graftix Dura-Lar Film

Designed by: Marlene van Niekerk

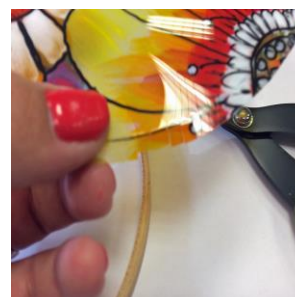

Learn a fun technique to use on Graftix Dura-Lar Film by reverse painting on this blank surface.

## Supplies:

Graftix Clear Dura-Lar Film  
Acrylic Inks  
A sheet of copier paper  
Black paint marker  
White paint marker  
Design template  
Scissors  
Embroidery hoop

## Directions:

1. Use a design template of your choice and draw your design onto the copier paper with a black paint marker. Add doodles and add white highlights to your page using a white paint marker.
2. Paint in your design on Graftix Clear Dura-Lar Film using acrylic inks. Like Pebeo Deco Craft or Schmincke Aero color.
3. First paint in the individual flowers.
4. Now paint your background and then flip your design around to see the final result.
5. Select a pretty part of your design. Use the inner circle of an embroidery ring and trace the outer border.
6. Cut 0.5 cm around your borderline.
7. Now cut into the border (up to the line) every 0.5cm and then fold the border to the back.
8. Stick double-sided tape to the outside of your inner ring.
9. Now place you Dura-Lar sheet over your inner ring and place the outer ring around it and Viola! Your project is finished.
