

Gold and Silver Grafix Shrink Film Bracelets

Designed by: ART BY MARLENE

Making your own jewelry just got better! Grafix's Metallic Gold and Silver Shrink Film is the ideal material to make your own bracelets, necklaces, and rings out of.

Supplies:

Grafix Gold and Silver Shrink Film
Star Shape Punch (or whatever shape you choose)
Pilot PermaBall Fine Liner
Hole punch
Elastic – Black, Gold, Silver or Bright Color
Split Rings

Directions:

1. Punch out your shapes.
2. Cut around the negative shape to create another one with a hollow inner shape.
3. On full punched shape, write small text, work or name.
4. Punch a hole in shape.
5. Shrink as directed.
6. Add split ring through the hole.
7. Thread elastic through split rings and size to the wrist, tie a small knot.
