

# Snowflake Decor

Designed by: Tami Sanders

Let it snow, with a creative winter snowflake décor using Graftix Metallic Foil Board and Artist-tac.

## Supplies:

Graftix Metallic Foil Board: Silver, Red, and Green  
Graftix Artist-tac  
Sizzix Bigz Retro Bauble  
Sizzix Tim Holtz Texture Fades Snowflake Duo  
Sizzix Tim Holtz Alterations Ice Flake  
The Crafter's Workshop White Modeling Paste  
The Crafter's Workshop Heavy Body Acrylic Paint: Spun Sugar, Blue Jelly Bean, and Iridescent Gold  
Clearsnap White ColorBox Embossing Powder  
Clearsnap Top Boss Clear Embossing Pad  
Wood Pallet  
Swirl Stamp  
3D Foam Tape  
Gold Wired Cord  
Die Cut Machine  
Heat Gun  
Palette Knife  
Small Paintbrush  
Scissors  
Pencil  
Beacon Adhesives Mixed Media Glue

## Directions:

1. Start by removing the twine hanger from the pallet.
2. Then partially mix gold, white, and blue paints together; don't over blend.
3. Paint the inside of the pallet with the mixture.
4. Add brown paint to the mixture and mix; don't over blend.
5. Paint the edges and sides of the pallet with the mixture.
6. Die-cut a large snowflake using Graftix Silver Metallic Foil Board.
7. Die-cut and emboss 2 smaller snowflakes using Silver Metallic Foil Board.
8. Die-cut ornaments from the Graftix Red and Green Metallic Foil Board and 2 ornament caps from Gold Metallic Foil Board.
9. Use the swirl stamp and embossing pad to add patterns to both ornaments.
10. Then emboss with the white embossing powder.
11. Use Graftix Artist-tac to adhere to the caps to tops of the ornaments.

12. Use your finger to gently rub the white paint over the raised portions of small snowflakes.
13. Apply the white paint to portions on large snowflakes; use a tissue to remove some paint to leave it distressed.
14. Arrange the ornaments inside the pallet with green at the top left and the red a bit lower to the right.
15. Place the large snowflake in the upper left corner and 2 smaller snowflakes at the lower right corner.
16. Use a pencil to mark the placement of the pieces.
17. Remove all the pieces and then use a palette knife to apply white molding paste as "snow" around the outer edges of the pallet, keeping the placement of snowflakes in mind.
18. Apply more modeling paste along the top and inside the bottom of the pallet.
19. Cut and bend pieces of gold wired cord to fit from the inside top of the pallet to run under the top of the ornaments.
20. Check to make sure positioning is correct by adding the ornaments, make adjustments as necessary.
21. Remove the ornaments and then glue down the bottom end of each piece of gold cord using Mixed Media Glue.
22. Cut and layer pieces of foam tape to adhere to the ornaments inside the pallet, using more layers on the green ornament.
23. Use Mixed Media Glue to adhere to the snowflakes around edges of the pallet.
