Directions:

Stencil:

1. The image used to make the stencil for the cards was found on a vintage tablecloth.
2. A black and white copy of the flowers was made; resizing them to fit on the cards, add registration marks at opposing corners for reference.
3. Cut 3 pieces of Graftix Stencil Film about 1 1/2" around all sides, larger than the image.
4. Lay a piece of the Stencil Film over the copy and outline the flowers using a black permanent pen, also trace registration marks.
5. Using another piece of film, outline the flower centers, also tracing registration marks
6. Trace the leaves using the last piece of film and trace registration marks.
7. Use self-healing mat and Kraft knife to cut out traced images from the film to make a stencil set.

Cards:

1. Use Graftix Inking Palette to add and blend inks on.
2. Add "lines" of Rosebud, Cupid and Orchid Pigment Inks from refill bottles on Inking Palette.
3. Use Color Wheel and Handle to blend inks on the palette.
