

Abstract Floral Folder

Designed by: Name

Step out of the box and create a unique abstract folder using Grafix Opaque Black Craft Plastic Film.

Supplies:

Opaque Black Craft Plastic
Acrylic Paints
White Acrylic Paint
Posca Marker -White
Chinagraph Pencil/Stablio All Pencil
Caran Dache Neocolor II
Spellbinders – Jane Davenport Quill
Pen
Scoreboard
Bone Folder
Ringer Binder mechanism
Brads or rivets to attach above
Craft Knife or hole punch
Brushes

Directions:

1. Score the Opaque Black Craft Plastic sheet at 4.75 and 5.70 along the wider length. This will leave a 1-inch spine for the ring binder mechanism.
2. Roughly sketch outlines of flowers and leaves with a pencil.
3. Use white acrylic paint to fill in leaf and flower shapes. Let dry completely.
4. Add dots with acrylic paint and a the back of a pencil or a brush.
5. Add marks with a different coloured acrylic paint and a brush.
6. Paint in flowers and leaves with acrylic paint. Let dry completely.
7. With a pencil, add in loose lines around the flowers and leaves.
8. Add sketchy shadows around flowers with Neocolor II pastels
9. For additional interest, use Chinagraph pencil to add in more shading and details to marks, flowers and leaves.

Abstract Floral Folder

Designed by: Name

10. Draw in more details and outlines around marks, flowers and leaves with Quill Pen
11. As a finishing touch, add white dots with Posca Marker around flower centres and marks.
12. Fold and crease the score lines to form file shape with a bone folder. Make sure to place a piece of paper on top to not damage the paint.
13. Making sure that the ring binder mechanism is centred, add pencil marks for the fastening holes.
14. Punch holes or make slits to insert brads or rivets.
15. Add brads/rivets and fasten on to ring binder mechanism.
