

Your Source For Creative Plastic Films

Convenience Packs

5 of our most popular plastic films in convenient, project-sized packs

Double Tack Mounting Film:

Provides edge-to-edge coverage and will permanently bond to paper, fabric, wood, metal, plastic, and glass surfaces. Great for stationery, paper crafts, creating collages, and quick-fix items.

Clear Film:

An excellent general-purpose Clear Film that is easy to cut and won't crack, yellow, or curl over time. Use as a protective overlay or create unique window-like effects in frames and other creative projects.

Laminating Film:

Permanent adhesive films that provide a clear covering to protect your important documents. Preserve photos, certificates, recipes, maps, and more.

Stencil Film:

Create or copy designs and turn them into templates instantly. Made from a tough, non-tear film, yet it's easy to cut with craft knives, punches, decorative scissors, or die-cut machines. Use over and over again!
