

Your Source For Creative Plastic Films

Double Tack Mounting FILM

Grafix Double Tack® Mounting Film has twin coatings of permanent adhesive on both sides of an ultra thin carrier protected by two sheets of heavy release liners. It bonds instantly to paper, fabric, wood, metal, plastic and glass surfaces.

Double Sided Adhesive Film Can Turn Anything into a Sticker!

To use, simply lift one of the release liners, apply the sticky side to the subject, then remove the other release liner before applying to the surface.
