Mounting Film

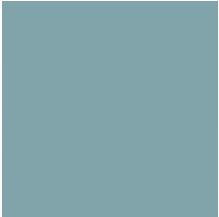

Double Tack®

Grafix Double Tack® Mounting Film has twin coatings of permanent adhesive on both sides of an ultra thin carrier protected by two sheets of heavy release liners.

The clear adhesive is great for clear surfaces like Dura-Lar, Vellum and Rice papers.

Apply to a full sheet of paper or cardstock before cutting.

No drying time needed so it can be used right away.

- Cut a shape, remove liners and add foil, glitter or embossing powder.
- Save scrap pieces to be used behind smaller pieces for layering or sentiments.
- Alternative to liquid glue for delicate vintage papers and fabrics.
- Use to adhere multiple surfaces; chipboard, thin wood, plastic, cardstock.
